LOCATION

Budapest XIII. district, Hungary

DATE OF BIRTH

07 June 1977

AI & TECHNOLOGY

- › Generative AI / LLM (Claude, GPT, Gemini) — prompt engineering, agent orchestration
- › AI integration: LLMs into websites, bots, dashboards
- › Agentic tooling: Claude Code, Codex CLI, Gemini CLI
- › MCP (Model Context Protocol)
- › Process automation (n8n, custom agent stacks)

WEB & E-COMMERCE

- › Shoprenter — production webshop (okosjáték.hu)
- › WordPress (Elementor Pro, ACF), WooCommerce
- › Next.js, React, Expo (React Native)
- › Node.js, Python, PHP
- › Docker, Linux/VPS, SSH, systemd, cron
- › Tailscale, basic cybersecurity, Git/GitHub

PROFESSIONAL PROFILE

Results-oriented executive with **nearly 30 years** of operations, warehousing, commercial and leadership experience. **Since 2025**, co-owner of MyForge Labs Kft., where I lead AI-integration, web-development and automation projects. Previously, **for 9 years** managing director of the Okosjáték online toy retailer (Ekupon Kft.) — €1.4M+ annual revenue, AA+ credit rating. Core strength: combining **business judgment and technology execution in one operator**, where executive experience meets up-to-date IT & AI capability.

HIGHLIGHTS

- **“E-Commerce Site of the Year”** — **twice awarded** for okosjáték.hu under my leadership.
- **9 years as managing director** (Ekupon Kft. / Okosjáték) — €1.4M+ annual revenue, **AA+ credit rating**, parallel brick-and-mortar & online operation.
- **Founded a digital studio** (MyForge Labs Kft., 2025) — live AI-integration, web and automation client projects, agentic-OS solutions.
- **2,000-portion daily food-service** night-shift coordination at the Kozma utca correctional facility (Julienne Kft.).
- **5 years deputy warehouse manager** at Digi Kft.'s Budapest depot — inbound/outbound flow, stock discipline, reporting.
- **11 years department manager** + elected H&S rep at Medimpex pharmaceutical wholesaler; contributed to the rollout of the new IT system.
- **7+ ERP and e-commerce systems** expert-level use: Tharanis · Shoprenter · WBS · Eurostock · Correct · Laguna · EcoSoft · Quadro.

EXPERIENCE

MyForge Labs Kft.

Nov 2025 – present

Co-Owner / Managing Director · Budapest

Co-founder of a digital-solutions studio — web development, AI integration, mobile apps, process automation and cybersecurity for SMB and enterprise clients.

- Company strategy and business model, client acquisition, portfolio growth.
- **Leading AI-integration projects:** LLM-based assistants, generative-AI

ERP / BUSINESS SYSTEMS

- › Tharanis — Ekupon (rolled out in production)
- › WBS, Eurostock — Medimpex
- › Correct, Laguna — Hydrotrend / Scanimpex
- › EcoSoft — Digi
- › Quadro food-service system — Julienne

OTHER SOFTWARE

- › MS Office (Excel, Word) — confident
- › Adobe Photoshop
- › AutoCAD — basic technical drawing

LEADERSHIP COMPETENCIES

- › Strategic planning & business decision-making
- › Team leadership, scheduling, performance management
- › Project management & prioritization
- › Financial planning, cost control
- › Customer relations & negotiation
- › IT audit & technology decision support

LANGUAGES

Hungarian native
English basic

LICENSES & CERTIFICATIONS

- › Driver's license, Cat. B (1996)
- › Forklift operator (1998) — 2 t electric / gas / diesel
- › Health & safety representative (2000) — elected, Medimpex
- › Firearms license (2002) — live, gas, alarm
- › Excel / Word — basic certification

PROFESSIONAL VALUES

- › Outcome focus and accountable goals
- › Reliability and transparency
- › Customer- and team-centric approach
- › Continuous learning, technology as a tool
- › Pragmatic problem-solving

WHAT I BRING

tools embedded into client workflows.

- Architecture and oversight of custom agentic-OS and automation dashboards (Next.js / Node / Python / Docker).
- WordPress, Next.js and Expo deployments; Hostinger VPS & Docker operations.
- Live client projects: dental and law-firm sites with online booking, e-commerce systems, research platforms.
- Team and subcontractor management, deadline and budget control.

Ekupon Kft. — Okosjáték online store

2016 – Nov 2025

Managing Director (commissioned) · Budapest

Full operational leadership of Ekupon Kft. (okosjatek.hu), a toy retailer. Under my leadership, the company became a stable AA+-rated player with €1.4M+ annual revenue — and twice won the “E-Commerce Site of the Year” award.

- **“E-Commerce Site of the Year” twice awarded** for okosjatek.hu — industry-wide recognition.
- **Sales, marketing, finance and bookkeeping** oversight; HR (scheduling, team leadership, performance reviews).
- Rollout, operation and continuous improvement of the **Shoprenter-based webshop** and the **Tharanis ERP system**.
- **Adoption of new technology:** inventory and ERP systems, marketing automation, AI process pilots.
- **IT audits** and system-development leadership, vendor selection, integrations.
- **Warehousing & logistics** management: inventory optimization, supply chain, parallel store + webshop fulfillment.
- Customer-experience improvement, complaints handling, partner relations (Árkereső, ÁrGép).

Julienne Kft.

2015 – 2016

Night-shift Coordinator · Budapest depot

Food-service lead for the Kozma utca correctional facility serving ~2,000 portions daily; full night-shift management.

- Daily serving plans and change management (diets, norms), QC of prepared goods, delivery notes.
- Leading night staff, preparing the next day's cooking schedule for chefs and assistants.
- Liaison with external drivers and prison-security officers.
- Quantity and quality goods-receipt at night, FIFO warehousing oversight, supply department updates.

Digi Kft.

2010 – 2015

Deputy Warehouse Manager · Budapest depot

- Direct management of a warehousing unit, team leadership.
- Inbound and outbound goods checks, stock entry, delivery notes, records.
- Master-data setup for new products, system & physical stock

- › Full executive lens (sales · marketing · finance · HR · operations)
- › Up-to-date IT and AI knowledge — at hands-on implementation level
- › Track record of new-tech adoption and team upskilling
- › Business and technology decisions in one person

INTERESTS

- › AI and tech trends
- › Personal projects (agentic OS, automation)
- › Cycling
